Work History:

I am admitted to practice in New York and in Pennsylvania, and those states' Federal courts. I began practicing in 1982 in Philadelphia, where I worked as in-house counsel at a small insurance company. I then moved on to a plaintiff's personal injury firm. In 1983, I accepted an in-house counsel position with Firemans Fund Insurance Company in Center City Philadelphia, where I handled insurance defense and workers compensation cases. In late 1987, I took an associate position with Saperston & Day in Rochester, and began trying insurance defense cases. I was made partner at Saperston. In the early 1990s, I began to concentrate on insurance coverage and regulatory matters, and was able to grow that practice over the years. In 2002, Saperston merged into Hiscock & Barclay, and I was made an equity partner, and elected Managing Director of the Rochester office, a position I held for a few years. I now chair our firm's Insurance Coverage and Regulation group, and also handle commercial litigation and high exposure appeals. I serve on Hiscock & Barclay's Compensation Committee

Areas of Practice:

I focus on insurance coverage and regulation, appellate law and commercial litigation. My work in handling insurance matters has prompted national insurance companies to retain me on a regional and statewide basis. I have prepared hundreds of coverage analyses and actively litigate declaratory judgment actions throughout New York State, and (on occasion) the northeast. I have been successful with regard a number of leading appellate insurance coverage cases in New York. I have also successfully tried a number of cases to verdict. Additionally, I advise insurers, third-party administrators, self-insured entities and others on claims handling procedures and practices, addresses complaints with state Insurance Departments, and litigate matters arising out of claims handling practices. I am also called upon to counsel individuals and companies within the insurance industry - such as agents, brokers, adjusters, consultants, and related entities - on licensing, formation of companies, compliance, and disciplinary issues.

Professional Achievements:

I am frequently asked by the New York State Bar Association to speak at statewide seminars on the topic of insurance coverage. I have been selected by peer review for inclusion in the Super Lawyer Directory 2007-2012 for Insurance Coverage. Additionally, I have been selected as a Key Author for Thomson West Publishing Group.
